

Fineac Treuhand is celebrating its 30st company anniversary this year.

In 1988, Fineac Accounting AG was founded, specialised in the classic fiduciary business and operated from the beginning both nationally and internationally. The offices of the company with four employees were situated at Alpenstrasse in the city of Zug.

11 years later, Fineac Accounting AG was turned into today's Fineac Treuhand Zug AG. The company has grown steadily, new employees have joined the team and the sister company Fineac Treuhand Zurich AG was opened in the city of Zurich.

In addition to the classic fiduciary business such as accounting, tax advice, business consulting and auditing, the services offered in the area of payroll administration were expanded significantly.

Fineac Treuhand Zug AG is a member of the most important Swiss professional associations. The auditing company is licensed as audit expert by the Federal Audit Oversight Authority. For over 10 years, Fineac Treuhand Zug AG has been a member of Morison KSi, which is an international group of independent advisory firms. This network helps creating first class business contacts in the shortest time.

Since 2010, Fineac Treuhand Zug AG has been based in the heart of Zug, at Poststrasse 30. Today the company is managed by four partners and has more than 30 employees.

Many of our staff members are long-term employees. Their continuous education and training is important to us as we aim to offer competent advice to our clients on national and international matters. We are interested in new business areas, open to new technologies and do our utmost to stay a reliable partner for all our clients in the years to come.
